# Product Description

## Overview

### Quick Details

Type:	Non-Contact Forehead Thermometer	Brand Name:	SIMZO or OEM
Place of Origin:	Guangdong, China	Model Number:	HW-F7
Instrument assification:	Class II	Warranty:	1 year
After-sale Service:	Free spare parts	Display:	LCD
Power supply:	2*AAA Batteries	Accuracy:	+/-0.2C°/0.4 F°
Range:	34.0C°-43.0C°	Certificate:	CE ISO FDA
Packing:	Colour Box	Measurement mode:	Forehead type
Feature:	Three-color backlit	Sample:	Available

### Supply Ability

Supply Ability: 100000 Piece/Pieces per Month

### Packaging & Delivery

Packaging Details 1pc/color box; 60pcs/CTN (470\*340\*315mm)  
- color box X 1(163\*88\*47mm)  
- Infrared Thermometer X 1  
- User Manual X 1  
- AAA battery X 2

Port:Shenzhen

Picture Example :

Quantity(Pieces)	1-10000	>10000
Est. Time(days)	20	To be negotiated

**Product Description**

Device name	Non-Contact Forehead Thermometer
Model	HW-F7
Measurement mode	Object / Body
Power supply	D.C.3V, 2 AAA batteries
Measuring range	For forehead temperature: 34.0-43.0C°(93.2F°-109.4F°) For object surface temperature: 0-93C°(32F°-199.4F°)
Measuring accuracy (At laboratory conditions)	For forehead temperature: ±0.2C°/0.4F° during 34.0C°-42.0C°; ±0.3C°/0.5F° during 42.1C°-43.0C°.
Clinical repeatability	Within ±0.3C°/0.5F°
Resolution of display	0.1C°/0.1F°
Operation condition	15°C~40°C(59.0F°~104F°),Relative Humidity<95%
Storage condition	-25°C~55°C(13F°~131F°),Relative Humidity<95%
Size	136mm*76.5mm*38mm
Weight	About 75g
High body temperature hint	≥37.5C°(199.5F°) (Can be set)
Grade of waterproof	IP22
Electric shock	Internally powered ME equipment
Applied part	Type BF applied part, including the whole unit
Mode of operation	Continuous operation
Product life	5 years
Standard	EN60601-1,EN 12470-5 ,ASTM E 1965-98

# PRODUCT DESCRIPTION

Streamline design, beautiful and practical feel.

Accurate measurement

Negative electrode

Positive electrode

Powered by 2\*AAA Batteries

## Three-color backlight for easy reading

When the temperature value is higher than 37.4°C, the color of backlight turns Orange with “bi,bi,bi” heard, and it is easy to know if the baby has a fever or not.

## PRODUCT APPLICATION

The product is suitable for all ages. It can also be used to measure object surface temperature.

Take temperature for kids

Take temperature for the aged

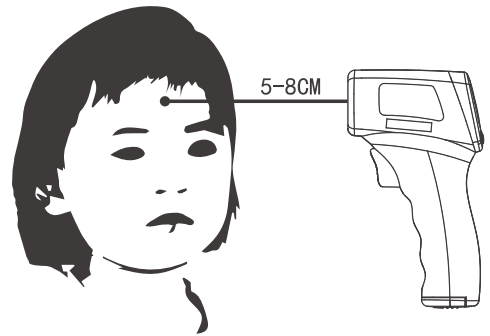

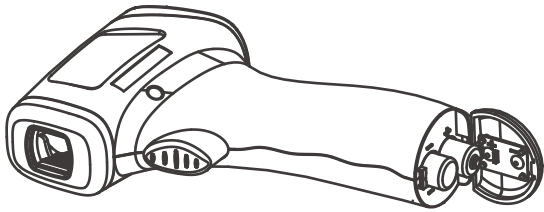

Take temperature for milk bottle

Take temperature for food

# HOW TO USE ?

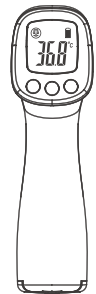

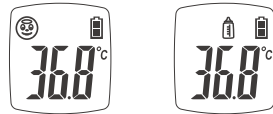

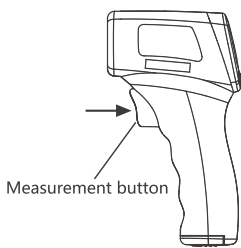

1

Open the battery storehouse, distinguishing the positive and Negative electrode then insert The batteries.

2

Align the thermometer probe at the Center of the forehead and keep it At distance of 5-8cm, be careful not To touch the forehead directly.

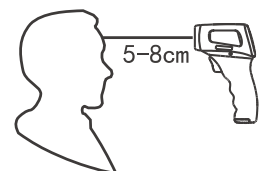

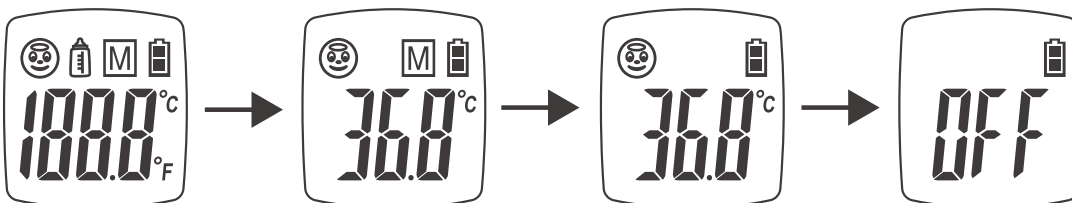

3

Select measurement mode, gently press the Measurement button to start measurement.

4

After successful measurement, the LCD screen displays the temperature value.

Re: K173048

Trade/Device Name: Non-contact Forehead Thermometer, Model: HW-2/HW-2S/HW-3/HW-4 /HW-4S/HW-302/HW-303

Regulation Number: 21 CFR 880.2910

Regulation Name: Clinical Electronic Thermometer

Regulatory Class: Class II

Product Code: FLL

Dated: October 22, 2018

Received: October 25, 2018

Dear Mei Tan:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. Although this letter refers to your product as a device, please be aware that some cleared products may instead be combination products. The 510(k) Premarket Notification Database located at <https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfpmn/pmn.cfm> identifies combination product submissions. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration. Please note: CDRH does not evaluate information related to contract liability warranties. We remind you, however, that device labeling must be truthful and not misleading.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); medical device reporting (reporting of medical device-related adverse events) (21 CFR 803) for devices or postmarketing safety reporting (21 CFR 4, Subpart B) for combination products (see <https://www.fda.gov/CombinationProducts/GuidanceRegulatoryInformation/ucm597488.htm>); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820) for devices or current good manufacturing practices (21 CFR 4, Subpart A) for combination products; and, if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21 CFR Part 807.97). For questions regarding the reporting of adverse events under the MDR regulation (21 CFR Part 803), please go to <http://www.fda.gov/MedicalDevices/Safety/ReportaProblem/default.htm>.

For comprehensive regulatory information about medical devices and radiation-emitting products, including information about labeling regulations, please see Device Advice (<https://www.fda.gov/MedicalDevices/DeviceRegulationandGuidance/>) and CDRH Learn (<http://www.fda.gov/Training/CDRHLearn>). Additionally, you may contact the Division of Industry and Consumer Education (DICE) to ask a question about a specific regulatory topic. See the DICE website (<http://www.fda.gov/DICE>) for more information or contact DICE by email ([DICE@fda.hhs.gov](mailto:DICE@fda.hhs.gov)) or phone (1-800-638-2041 or 301-796-7100).

Sincerely,

Geeta K.

# OUR COMPANY

## Dongguan SIMZO Electronic Technology Co.,Ltd

Dongguan SIMZO Electronic Technology Co.,Ltd, a professional manufacturer of medical infrared thermometer and nebulizer for home use and hospital use. We have ear thermometer, forehead thermometer, oral digital thermometer, portable ultrasonic nebulizer and compressor nebulizer.

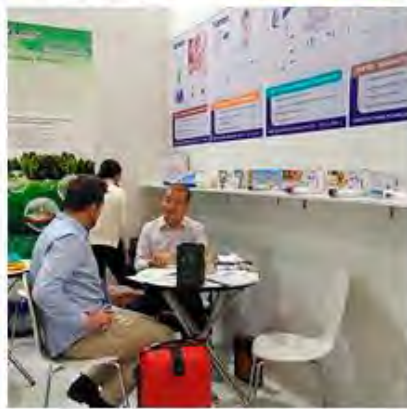

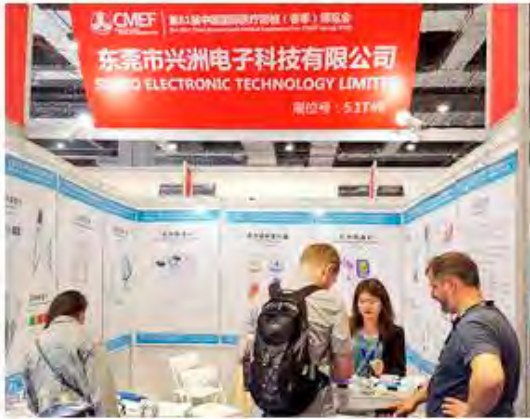

SIMZO integrate research and development, manufacturing, marketing, distribution and sales of medical devices. It's most highlighted that SIMZO is backed by a top team of designers and engineers with more than 10 years of experience in the field of medical electronics. Meanwhile, SIMZO is dedicated to quality control and cost performance. These advantages make SIMZO a distinctive and trusted brand both for OEM projects and customization service.

To cater to universal customers, international quality requirements such as CE, FDA, MDD standards, as well as quality system ISO13485 have been met and attained. Over years, SIMZO already established long-term and strategic cooperation with CHICCO, AND, MOTHERCARE, BOOTS, CITIZEN, Auchan etc.

We will continue, as ever, to develop and innovate to meet the market demand. Bring the quality goods and good service to people across the world.

# OUR CUSTOMERS

# Q&A

- Does your company own sales qualifications?
- Our company has three certificates and is qualified for sales.

- Does your Forehead Digital Infrared Thermometer own the export certification?
- Our Forehead Digital Infrared Thermometer has dual FDA and CE certifications and can be exported worldwide (except South Korea). The certifications are as follows:

FDA Operational Guidelines

Enter URL: <https://www.accessdata.fda.gov/scripts/cdrh/cfdocs/cfRL/rl.cfm>

Follow the below picture:

? What is your company's payment method, what currency is accepted for payment, and what is the delivery way?

☰ At present, our company only accepts cash transactions. If the demand is less than 3,000, full payment is required to be booked, and a deposit of 50% or more will be paid in advance. The final payment will be paid before shipment. It supports USD and RMB transactions, and can be FOB Hong Kong and FCA Hongkong.

Company accounts are as follows:
